## FAMOUS CHEF MEHMET YALÇINKAYA WAS A GUEST AT IGU

AUGUST 9

2021

Famous ***Chef Mehmet Yalçinkaya*** was a guest at Istanbul Gelisim University as part of the Gastronomy Talks event. Yalçinkaya said, “The chief cannot teach the lesson given by an academician” and added, “We are not trainers. We are chiefs. We produce and sell. In gastronomy, it is necessary to receive training from academicians. Istanbul Gelisim University and its team are doing good work.”

As part of the Gastronomy Talks event, Famous Chef Mehmet Yalçinkaya was the guest of IGU Secretary General, ***Assoc. Dr. Serdar Çöp***. Chief Yalçinkaya stated that MYK Gastro Arena, which he founded, has been working with Istanbul Gelisim University for 2 years. Yalçinkaya said, “We received requests from many universities, but we are working with academicians of Istanbul

Gelisim University. Gastronomy education is difficult. We conduct the classes at MYK Gastro Arena with the IGU Continuing Education Center and implement the training program we prepare together.”

## DON'T LET THE DEPARTMENT YOU CHOOSE BE YOUR WORST DECISION

AUGUST 9

2021

Expressing that the results of the indecision experienced by the students during the preference periods are very important, ***Prof. Dr. Nail Öztaş*** said, “Before choosing their departments, young people need to research universities thoroughly for the departments they can enroll in. Otherwise, most of the students end their first year of university education due to both social and academic incompatibility.”

After the university exam results, students and parents started to search for possible universities and add them to their lists. Students, who try to learn about the departments they can attend according to their scores and rankings, tour the universities one by one as part of the selection and promotion days. The students, who still cannot find answers to the questions

in their minds and are confused due to environmental factors, are undecided. In this sense, Istanbul Gelisim University Vice Rector, Dr. Nail Öztaş warned about making the right choice of university that affects their future and said that otherwise, young people usually quit their departments in the first year without being sure.

## POSTPONED MARRIAGES CAUSE AN INCREASE IN ESTATE PRICES AND RENTS

AUGUST 10 2021

Noting that there have been noticeable increases in estate market and rents, Finance Specialist **Dr. Hakan Yildirim said**, "The rise in marriages postponed due to the epidemic this summer cause significant increases in both estate market and rents."

Finance Specialist Dr. Hakan Yildirim made statements about the increase in estate prices and rents.

Stating that the monthly increases make it difficult to own a house, Dr. Yildirim said, "It is an undeniable fact that there are more than one reason for this increase. It would not be wrong to say that there has been an increase in demand due to the fact that the exchange rates behave in a constantly increasing trend, the increased inflation caused by this trend, the perception caused by the uncertainty due to the epidemic period, and the formation of a population that believes the housing prices will increase continuously due to this situation."

## EXPERT ADVICE TO STUDENTS: TIME MANAGEMENT ENABLES EFFECTIVE STUDYING

AUGUST 11 2021

Stating effective studying will lessen the responsibilities of students and will make them better, **Asst. Prof. Derya Kavgaoglu said**, "When managed correctly, time enables effective studying."

From Istanbul Gelisim University, Asst. Prof. Derya Kavgaoglu made statements about study habits. Saying that even if students study for a long time, if they cannot make more progress every day, if they cannot ensure the permanence of what they have learned, and if they cannot feel that they are more ready for assessment-evaluation processes, it should be considered as 'ineffective studying'. Asst. Prof. Derya Kavgaoglu said, "This is one of the main problems that often cause parents to worry about why their child can not be successful despite working so hard. Early detection of this situation with

parental observation or student's self-awareness and the implementation of effective study skills by the student increases academic success by preventing possible learning losses."

**A GUIDE BOOK FOR ARCHEOLOGY STUDENTS AND GRADS**

AUGUST 12

2021

The book titled "Archaeological Small Finds Drawing Techniques", which will be a guide for students and grads of the archeology department, in which Cultural Heritage Specialist **Dr. İlknur Türkoğlu** conveys her 30 years of professional experience, has been published. Written after 7-8 years of research, the book is said to be the first in Turkey.

Stating that the bibliography of the book is quite extensive and the preparation phase took a long time, Cultural Heritage Specialist **Dr. Türkoğlu said** that all the drawings in the book belongs to her and wished that the book would guide students and grads.

You can visit [www.gelisim.edu.tr](http://www.gelisim.edu.tr) to see the detailed news.

**A GUIDE BOOK FOR ARCHEOLOGY STUDENTS AND GRADS**

AUGUST 13

2021

The finalists of 'Technology for the Benefit of Humanity Competition' have been announced at Aviation, Space and Technology Festival, TEKNOFEST. The team called Parzival Robotics has made it to the finals with their "Bionic Robot Hand" project. Undertaking the mentorship of the project, Electrical and Electronics Engineer **Asst. Prof. Ekrem Süzen** made statements about the project.

From Istanbul Gelisim University, Electrical and Electronics Engineer Asst. Prof. Ekrem Süzen said, "We have three control types, first with flex sensor, second with muscle signals (EMG) and finally with the brain waves (EEG). The most important area where we can use this project will be the people who have lost their limbs. First, the most suitable control type can be determined

for the person who has lost their limb, and then they can start using it after a few adjustments. By making some more improvements, it can be used in places where physical strength is high, for example, on the feet, legs, back. Thus, processes will be carried out in a healthier, more reliable and high performance manner.

# THINGS TO KNOW

## ABOUT NEW CORONAVIRUS

All necessary measures are taken for the **coronavirus** revealed in Turkey and the World at **Istanbul Gelisim University**. **Things to know about coronavirus are as follows:**

### What are the new coronavirus symptoms?

- The most common symptoms are **fever, cough and respiratory distress**.
- In severe cases, **pneumonia, severe respiratory failure, kidney failure and death** may occur
- Incubation period is between **2 and 14 days**.

### How is the virus transmitted?

- It can be transmitted by the contact of the droplets caused by **coughing and sneezing** with the contact of the **mouth, nose and eyes** of other individuals in certain environment and by touching the surfaces where the droplets adhere and taking hands **into the mouth, nose or eyes**.

### What to do to be protected from the virus?

- When **coughing or sneezing**, the mouth and nose should be covered with a **disposable tissue**, if there is no handkerchief, the mouth should be closed with the **upper sleeve or elbow**, not with the palms.
- **Handshaking and hugging** should be avoided.
- **Mouth, nose and eyes** should not be touched with dirty hands.
- Hands must be washed for **at least 20 seconds** in accordance with the **Handwashing Instructions** found in the toilets. In the absence of water and soap, **alcohol-containing hand antiseptics** should be used. **Cologne of 70-80 degrees** also serve as disinfectants.
- Offices and classrooms must be **ventilated hourly**.
- Places frequently used by many people such as common areas and door handles should be **disinfected every 2 hours**.
- Hands **must be washed** after using **public transportation**.
- Because the virus progresses faster in people with low immune system; **a balanced and healthy diet** is required. Foods **must be washed thoroughly** before consumption.

### What to do if there are symptoms?

- If you have come from countries with infections **in the past 14 days**, apply to the **nearest healthcare facility** by wearing a **surgical mask**.
- If you are **coughing, have a fever and have difficulty at breathing**, apply to the **nearest healthcare facility** by wearing a **surgical mask**.
- **Always wear your mask** when you are in the same room with **a person who is recommended insulation** at home.

## PROTECTION AGAINST VIRUS IS IN OUR HANDS

THE MOUTH AND NOSE SHOULD BE CLOSED WITH PAPER TOWEL DURING COUGHING AND SNEEZE. IF YOU DO NOT HAVE ANY WIPE, THE INSIDE OF THE ELBOW SHOULD BE USED.

CLOSE CONTACT SHOULD AVOID LIKE HANDSHAKE AND HUGGING.

IT SHOULD BE STAYED AWAY FROM CROWDED ENVIRONMENTS.

DO NOT TOUCH THE MOUTH, NOSE AND EYES WITH DIRTY HANDS.

HANDS MUST BE WASHED WITH WATER AND NORMAL SOAP FOR AT LEAST 20 SECONDS.

ALCOHOL CONTENT HAND ANTISEPTICS SHOULD BE USED IN CASE OF THERE IS NO WATER AND SOAP.
