THERE WILL BE INTENSITY IN DOMESTIC TOURISM DURING EID AL-ADHA

JULY 8

2022

Holiday plans were made with the extension of the Eid-al-Adha holiday to 9 days. Making evaluations about the sacrifice holiday, which coincides with the most active period of the summer season, **Asst. Prof. Dr. Dilbar Guliyeva** from Istanbul Gelisim University (IGU) stated there will be intensity particularly in domestic tourism.

THERE WILL BE MORE DEMAND FOR ONE-WEEK TOUR PACKAGES

Asst. Prof. Dr. Dilbar Guliyeva from Istanbul Gelisim University Tourism Guidance Department indicated the following:

“The fact that the sacrifice holiday coincides with the period when the most tourists come to the country will have a positive effect on the tourism sector. There will be a lot of activity during Eid-al-Adha in the tourism regions. It will be easier to see this intensity, particularly in domestic tourism. It is probable to see that there would be a slight rise in the number of tourists coming from Islamic nations because of the significance of Eid al-Adha for the Islamic world. People have made vacation plans as a result of the holiday’s nine-day duration. The tourism industry will see significant activity as a result of this circumstance. Demand will be high, particularly for one-week vacation travel packages.”

FOR THOSE LOOKING FOR A DIFFERENCE IN THE MUSLIM FESTIVAL OF SACRIFICES: SUJUK MEATBALLS

JULY 7

2022

One day before the Muslim festival of sacrifices, the rush of sacrificing and the excitement of the big family tables began. **Instructor Chef Erkan Kiyicioglu** explained how to make sujuk meatballs and how to store the meat.

Big tables and a family gathering come to mind when one thinks about the feast. **Instructor Chef Erkan Kiyicioglu** from Istanbul Gelisim University (IGU), Faculty of Applied Sciences, Gastronomy and Culinary Arts Department stated the following: “During the Eid-al-Adha, a large amount of meat is thrown without use, due to mistakes made in the part of preserving the meat after the sacrifice. It is not right approach to cook the meat immediately after the sacrifice.”

PSYCHIATRIC EVALUATION IS SIGNIFICANT IN BARIATRIC SURGERY!

JULY 5

2022

Bariatric surgery is becoming more and more common in Turkey as well as in the world. Emphasizing the importance of psychiatric findings in bariatric surgery, **Assoc. Prof. Dr. Güzin M. Sevinçer** stated that patients should be routinely evaluated for eating disorders, psychiatric and psychosocial disorders before and after the procedure.
