ANOTHER CONTRIBUTION FROM IGU TO SUSTAINABILITY AND ENVIRONMENTAL AWARENESS

SEPTEMBER 9 2022

Istanbul Gelisim University (IGU) Faculty of Fine Arts continues to be the pioneer of innovative approaches in education and training with the eco curriculum it has created within the scope of sustainability and environmental awareness.

Having a significant place in the world in terms of quality education, Istanbul Gelisim University continues to renew its education approach within the framework of current developments. In the Times Higher Education (THE) 2022 ranking, Istanbul Gelisim University achieved significant success in categories such as quality education, accessible and clean energy, healthy and quality life, clean water and sanitation, partnerships for purposes. It also contributed to sustainability and environmental awareness with the "Eco Curriculum" created by the Faculty of Fine Arts. With the eco-curriculum, it is aimed to contribute to the training of individuals who are environmentally

conscious, innovative, adopting sustainability and protecting the environment and society principles

DO NOT FIGHT WITH MIGRAINE AND GET ALONG WELL WITH IT!

SEPTEMBER 8 2022

Migraine, the most common type of headache, affects many people's daily lives and quality of life. Pediatric Neurology Specialist **Prof. Dr. Ebru Kolsal** made a statement during the 5-11 September Migraine Awareness Week. Stating that headaches experienced in childhood are one of the most common complaints, she also added, "Do not fight with migraine, get along well with it."

Migraine and tension-type headaches are among the two most common causes of headaches. In migraine, in which headaches of varying intensity and severity are often throbbing sensations, avoidance of light and noise and situations such as nausea and vomiting are among the complaints of the patients. Migraine diagnosis is more common in individuals with a family who has a migraine history.

TIPS FOR TAKING APPETIZING FOOD PHOTOS IN 7 STEPS!

SEPTEMBER 6 2022

Along with the entrance of social media and smartphones into our lives, we have met many new professions. One of them is "Food Photography and Stylist". **Asst. Prof. Dr. Cagla Kaya** Ilhan touched upon the technical details that should be considered while taking food photos.

We often come across pictures of eye-catching and appetizing food on social media. Businesses increase their customer potential by working with "Food Photographer and Stylist", sharing their presentations on social media and appealing to wider audiences. Many people also share their own cooking on social media with their own style and presentation. With the rapid expansion of the food and beverage industry and the introduction of social media into our lives, users are introduced to new definitions and professions every day.

DO NOT CALL IT A SIMPLE MOSQUITO BITE: THIS VIRUS DOES NOT SHOW SYMPTOMS IN 80% OF PATIENTS!

SEPTEMBER 5 2022

While the West Nile Virus (WNV), which has recently come to the fore again, causes loss of life in Greece, people think “What if I caught this virus?”. Infectious Diseases Specialist **Dr. Savaş Vural** warned about the virus, which is transmitted to humans and some animal species from mosquito bites. Emphasizing that the virus can be prevented with some basic precautions, Dr. Vural also made recommendations to those who will go to regions where West Nile Virus is common.
