02.02.2022 14:00-17:00

Venue: Block B Studio

Content:

In this workshop training, it is planned to explain and apply the basic dynamics of acting such as self-expression, understanding the logic of the stage, creative interaction, use of gestures and mimics. It is aimed for the students to comprehend the processes of acting in front of the camera, which are different from theatrical acting, to experience the stage acting in front of the camera, to gain information about how and how to use the technique of front-of-camera acting. In addition, it will contribute to the development of promotion, presentation, and oratory forms.
