THE TRANSITION TO THE THIRD GENERATION OF COMPANIES THAT FAVOR RELATIVES IS LOW

NOVEMBER 17 2021

Making explanations about her memo on the problems experienced in family companies, **Asst. Prof. Canan Tiftik** says, "Family businesses, providing employment opportunities to many people and contribute to the country's economy, may come to the brink of bankruptcy due to the death of their founder, inheritance quarrels, and disagreements between siblings." Tiftik indicates that the rate of transition to the third generation is very low, especially for family companies that favor relatives.

Participating in the ISARC 1st International Hasankeyf Scientific Research and Innovation Congress with her memo titled "**Problems in Family Companies from a Management and Strategic Planning Perspective**", from Istanbul Gelisim University Department of Management Information Systems **Asst.**

Prof. Member Canan Tiftik talks about the details of the memo. Stating that family companies have a management and strategic planning structure that aims to increase the continuity, growth and profitability of the company, as in every business, Tiftik says, "The realization of these goals can only be possible with the creation of management structures that are suitable for the current economic conditions."

THINGS TO KNOW

ABOUT NEW CORONAVIRUS

All necessary measures are taken for the **coronavirus** revealed in Turkey and the World at **Istanbul Gelisim University**. **Things to know about coronavirus are as follows:**

What are the new coronavirus symptoms?

- The most common symptoms are **fever, cough and respiratory distress**.
- In severe cases, **pneumonia, severe respiratory failure, kidney failure and death** may occur
- Incubation period is between **2 and 14 days**.

How is the virus transmitted?

- It can be transmitted by the contact of the droplets caused by **coughing and sneezing** with the contact of the **mouth, nose and eyes** of other individuals in certain environment and by touching the surfaces where the droplets adhere and taking hands **into the mouth, nose or eyes**.

What to do to be protected from the virus?

- When **coughing or sneezing**, the mouth and nose should be covered with a **disposable tissue**, if there is no handkerchief, the mouth should be closed with the **upper sleeve or elbow**, not with the palms.
- **Handshaking and hugging** should be avoided.
- **Mouth, nose and eyes** should not be touched with dirty hands.
- Hands must be washed for **at least 20 seconds** in accordance with the **Handwashing Instructions** found in the toilets. In the absence of water and soap, **alcohol-containing hand antiseptics** should be used. **Cologne of 70-80 degrees** also serve as disinfectants.
- Offices and classrooms must be **ventilated hourly**.
- Places frequently used by many people such as common areas and door handles should be **disinfected every 2 hours**.
- Hands **must be washed** after using **public transportation**.
- Because the virus progresses faster in people with low immune system; **a balanced and healthy diet** is required. Foods **must be washed thoroughly** before consumption.

What to do if there are symptoms?

- If you have come from countries with infections **in the past 14 days**, apply to the **nearest healthcare facility** by wearing **a surgical mask**.
- If you are **coughing, have a fever and have difficulty at breathing**, apply to the **nearest healthcare facility** by wearing **a surgical mask**.
- **Always wear your mask** when you are in the same room with **a person who is recommended insulation** at home.

PROTECTION AGAINST VIRUS IS IN OUR HANDS

THE MOUTH AND NOSE SHOULD BE CLOSED WITH PAPER TOWEL DURING COUGHING AND SNEEZE. IF YOU DO NOT HAVE ANY WIPE, THE INSIDE OF THE ELBOW SHOULD BE USED.

CLOSE CONTACT SHOULD AVOID LIKE HANDSHAKE AND HUGGING.

IT SHOULD BE STAYED AWAY FROM CROWDED ENVIRONMENTS.

DO NOT TOUCH THE MOUTH, NOSE AND EYES WITH DIRTY HANDS.

HANDS MUST BE WASHED WITH WATER AND NORMAL SOAP FOR AT LEAST 20 SECONDS.

ALCOHOL CONTENT HAND ANTISEPTICS SHOULD BE USED IN CASE OF THERE IS NO WATER AND SOAP.
