Placements made are final in terms of Erasmus+ Study mobility; however, it is a pre-selection in terms of grant distribution. The announced quotas are estimated, and the students who are placed in line with the quotas based on the Erasmus+ Grand Total Score will be in the status of "Candidate student" until the grant allocation is finalized.

Students who were selected in the previous year and could not be sent due to lack of grant and/or quota or other reasons cannot be sent directly to the next year by transferring them as an "earned right". They are evaluated and selected by providing all the necessary conditions for selection separately for each contract period.

QUOTAS

Students are ranked according to the Erasmus+ Grand Total score and placed according to the order of preference and the quota of the universities. Grant allocation within the scope of the KA-131 project for the 2023 project year has not been realized yet. Therefore, the grant quotas are also unknown. However, in order to use the project time efficiently, it has been decided to distribute the Erasmus+ Student Mobility Estimated quota on the basis of the number of Faculty/School/Institute students on the basis of faculties/schools/institutes, taking into account the quota for the 2022 project year. In addition, in order to ensure a fair and transparent distribution between English and Turkish departments within the faculty, a distribution was made by considering the number of English and Turkish departments.

In line with the grants to be allocated by the Turkish National Agency, the number of Erasmus+ Study Mobility quotas for the 2023 Project year may be less or more than the estimated quotas. For this reason, whether all students in the original list will receive a grant will be finalized after the Turkish National Agency grant allocation. Students who remain on the reserve list can participate in the mobility without a grant within the quotas of the universities we have contracted with.

⁵ For prioritization, protection of the student from the Ministry of Family and Social Policies in accordance with Law No. 2828, must submit a letter stating that it is a care or accommodation decision.
