

THE ARTWORKS OF IGU ARTISTS WERE EXHIBITED IN BULGARIA

Istanbul Gelisim University hosted the international art exhibition held in Targovishte, Bulgaria. At the invitation of the management of the Nikola Marinov State Art Gallery, ten art instructors from our university and six artists from Shumen University Bishop Konstantin of Preslav came together at the opening of the exhibition on October 17, 2024.

In the event held within the framework of the ERASMUS cooperation signed between the two universities in 2020, a total of 66 works of Turkish and Bulgarian artists were exhibited. While the main theme of the exhibition was determined as "Palitra", freelance works were also included in the foyer area. The opening took place in an enthusiastic atmosphere with the participation of the rectors of the universities, the Mayor of Targovishte Metropolitan Municipality, artists and art lovers.

At the opening, the Bulgarian Television Channel (BNT 1) team recorded the works in the exhibition. Interviews was conducted with the curators of the exhibition Prof. İsmet Çavuşoğlu and Prof. Dimitar Cholakov. Prof. Çavuşoğlu emphasized the importance that Istanbul Gelisim University attaches to art and gave information about the contributions of the lecturers at the Faculty of Fine Arts. Rector of Shumen University Prof. Nataliya Vitanova said, "The organization of this exhibition enabled Turkish and Bulgarian artists to meet. I believe that our cooperation will continue."

Istanbul Gelisim University Vice Rector Prof. Necmettin Maraşlı emphasized that art is one of the priority areas for Istanbul Gelisim University. He also stated that they positively discriminated against art by giving information about Gelisim Art Gallery and the newly opened Art and Design Application and Research Center (SATMER). The exhibition will continue to meet art lovers for a month. The participating artists and their works attracted great attention from the audience. This successful

international organization of the exhibition contributed to the strengthening of the cooperation between the two universities. Underlining the importance of art, Prof. Çavuşoğlu said, "There can be no civilization without art. Artists play a critical role in the progress of society."

IGU FACULTY MEMBER ESAT DAŞDEMİR WILL ORGANIZE TUBITAK-SUPPORTED TRAINING!

Within the scope of the activities of TUBITAK 2237-A Educational Activities Support Program organized to encourage higher education students who are open to scientific development and have future goals to conduct scientific research and publications by bringing them together with academicians, IGU Faculty Member Dr. Esat Daşdemir will organize a training event titled "Academic Reading, Research, Writing and Publishing Training for Associate and Undergraduate Students".

IGU, which offers its students the opportunity to improve their academic skills with many trainings and activities it carries out, aims to increase the knowledge and skills of students for academic research processes with the support it gives to this activity.

APPLICATIONS ARE BETWEEN OCTOBER 1-30!

The event, which is organized for undergraduate and associate degree students and offers the opportunity to improve their knowledge and skills to conduct and publish scientific research by supporting the scientific development of the participants, will be held online on November 5 and 8.

An application can be made until October 30 for the event titled "Academic Reading, Research, Writing and Publishing Training for Associate and Undergraduate Students" to be organized by IGU faculty member Dr. Esat Daşdemir.

IGU'S RISE IN THE URAP TÜRKİYE RANKING CONTINUES!

The 'Türkiye Ranking 2024-2025' data, prepared by the University Ranking by Academic Performance Laboratory (URAP), established by the Middle East Technical University (METU) Informatics Institute in 2009, ranking the universities with the highest academic performance, has been published. According to the report, Istanbul Gelisim University ranked 117th in Türkiye, rising 15 places, while ranking 24th among foundation universities.

URAP (University Ranking by Academic Performance), which ranks the world's universities in 15 categories such as articles, citations, scientific documents, faculty members/students, doctorates, international and domestic collaborations, and

TUBITAK projects, announced the 2024-2025 Türkiye Ranking. URAP Research Laboratory listed universities according to their different qualities in the ranking it prepared to draw attention to the strengths and developmental aspects of universities.

According to the statement made by the URAP center, universities are evaluated in different categories such as those with/without general, state, foundation, medical faculty, established before/after 2000, and with fewer than 6000 students.

Continuing its successful rise in the list since 2020, IGU ranked 117th in the URAP (University Ranking by Academic Performance) 2024-2025 Türkiye Ranking by rising 15 places, 24th by rising 7 places among foundation universities, and 40th by rising 19 places among universities without medical faculties, while ranking 10th among foundation universities without medical faculties.
