

# CIVIL AVIATION TRANSPORTATION MANAGEMENT

Istanbul Gelisim University  
Istanbul Gelisim Vocational School

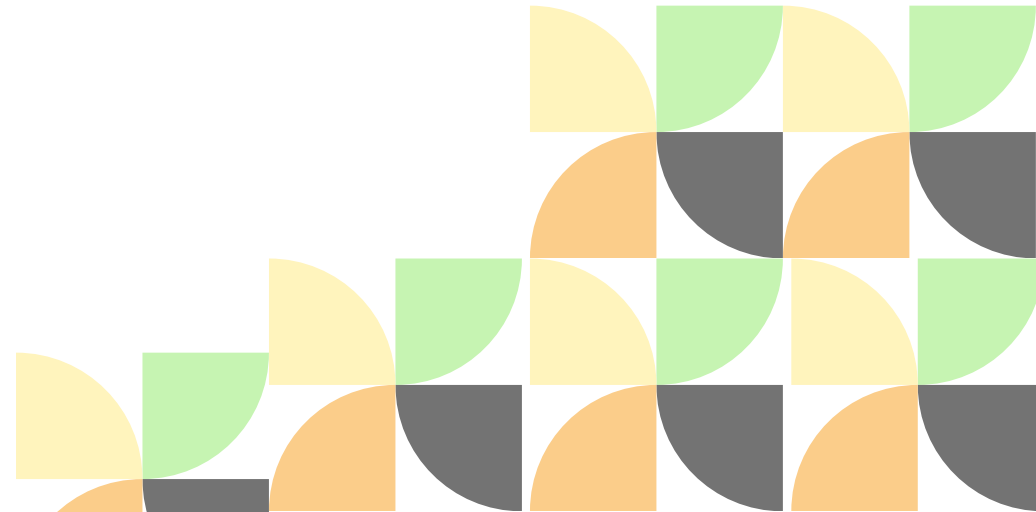

“ *In our program, which trains graduates with fundamental knowledge of Airline and Aviation Management, business courses and essential aviation courses are delivered in sync. Competent individuals meeting the required personnel qualifications are trained.* ”

*Assist. Prof. Ekrem SÜZEN*

*Head of Civil Aviation Transportation Management Program*

**Istanbul Gelisim**  
Meslek Yüksekokulu

## The Aim of The Program

The Civil Aviation Management Program provides an associate degree education to train intermediate staff to work at airports and airline companies. In this department, which graduates students with fundamental knowledge of airline and aviation management, business courses and basic aviation courses are offered in coordination.

— “

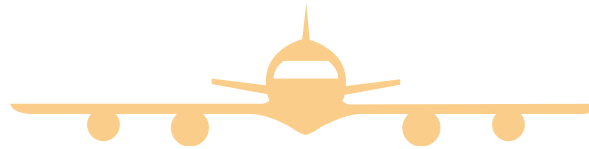

*Our modern and internationally standardized education program trains qualified personnel to meet the needs of the industry. Our students prepare for professional life by taking both theoretical and practical courses.*

” —

## Program's Future

The purpose of the Civil Air Transportation Management Program is to carry out operations related to passenger and freight transportation with aircraft; to train personnel who will work in the field of operation and management of civil air transportation. Civil air transportation operators train personnel who work in various units to ensure the connection and organization of aircraft, cargo and passenger movements that may or may not belong to the company they work for.

## Curriculum Information

At Istanbul Gelişim University, the normal duration of the Civil Aviation Management Program at Istanbul Gelişim Vocational School is two academic years. The total minimum credit requirement to be completed, based on student workload, is 120 ECTS.

In the first two semesters, our students take common courses offered at our vocational school and introductory courses relevant to their field. From the third semester onward, the focus shifts to professional courses, and our students begin taking both the mandatory courses necessary for their profession and elective courses.

## Academic Staff

**Assist. Prof.  
Ekrem SÜZEN**

Head of Civil Aviation  
Transportation Management

**Assist. Prof.  
Aylin ATASOY**

Civil Aviation Transportation  
Management

**Assist. Prof.  
Fatma ULUTÜRK**

Civil Aviation Transportation  
Management

**Lect.  
Mehmet ATEŞ**

Civil Aviation Transportation  
Management

## Sectoral Collaborations

In our pursuit of excellence in education and research, our university places great importance on collaborating with public, private, and non-governmental organizations. These partnerships enable us to share knowledge and resources, work together towards common goals, and build a stronger future.

## Internship

At the end of the second or fourth semester, our students complete a 30-day summer internship, which is a requirement for graduation. This experience helps them advance in their career journey.

## Career Opportunities

Graduates of the Civil Aviation Management program can pursue a four-year bachelor's degree in various departments through the vertical transfer exam if they wish. Alternatively, after completing their associate degree, they can work in the airline industry or in management positions within private and public institutions.

## Activities

Our university and program not only focus on gaining knowledge and skills but also contribute to becoming an individual who makes a difference and benefits society. Our students have the opportunity to develop their skills in various workshops, learn through fun at festivals, create awareness in social responsibility projects, participate in memorable events, and demonstrate their talents in competitions. Our activities foster collaboration and teamwork skills while also providing career opportunities

The activities carried out are as follows:

- Workshops
- Festivals
- Trips
- Seminars
- Symposiums
- Exhibitions
- Social Responsibility Projects
- Talks
- Sustainable Events

## Double Major Opportunities

The purpose of the double major program is to enable students who successfully complete their major programs to study in a second major program free of charge. Students who have a GPA of 2.90 out of 4.00 in their major program and who are in the top 20% of their undergraduate/pre-degree program can start the second major diploma program free of charge.

## Erasmus+ Program

With Erasmus+, the European Union's (EU) grant program in education, youth and sports opportunities, our students can access various opportunities such as education, training, internship, professional development, non-formal learning-based youth activities abroad.

## Research Centers

Innovative, technological and sociological studies are carried out in many different branches with 20 different application and research centers within our university. In addition, thematic research groups carry out studies that will contribute to science in 10 different fields from food to construction, automotive to health.

IGU Technology Transfer Office, which was established to provide the necessary information and guidance for academicians, researchers, students and graduates to start their own initiatives, listens to all students who say “I have a project” and provides all kinds of opportunities to realize these projects.

## Research Projects

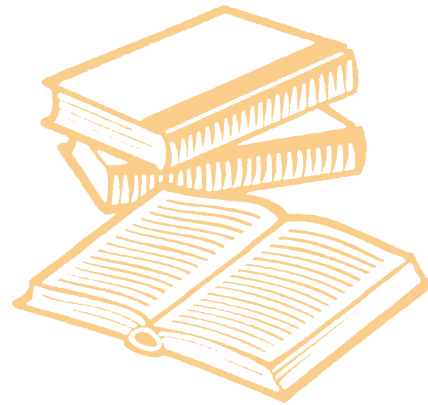

**Project Type:** Scientific Research Project  
**Project Title:** An Exemplary Study on Identifying Clothing Problems and Preferences of Children with Down Syndrome Due to Garments and Producing Functional Design Garments for Children with Down Syndrome

**Project Leader:** Assist. Prof. Ekrem SÜZEN  
**Researchers:** Lect. Sultan ÇETİNKAYA,  
Lect. Gül GÜLER BİNKANAT

**Researcher Students:** Betül AYDIN,  
Zeynep KAHRAMAN, Kübra ALDEMİR,  
Sümeyra ÇELENK, Ömer Talha VARDAR,  
Selin BAŞ, Rümeysa YILDIRIM, Neslişah  
TAŞ, Melda ZURNACIOĞLU

**Project Type:** BAP – Rapid Support Project  
**Project Title:** The Process of Teaching Logistics Students the Use of Computer Programs for the Domestic Land Transportation Module, International Land Transportation Module, and Air Cargo Transportation Module from Software Programs Used for Analyzing and Sharing Information in the Supply Chain in Terms of Digitalization

**Project Leader:** Assist. Prof. Murat BAŞAL  
**Researchers:** Assist. Prof. Ekrem SÜZEN,  
Assist. Prof. M. KEKE, Lect. Emine ÖZTÜRK

**Project Type:** Regular Research Project  
**Project Title:** A New Perspective on Combating Drug Addiction in Turkey within the Scope of Socioeconomic Determinants of Drug Addiction

**Project Leader:** Assist. Prof. Hülya ATEŞOĞLU

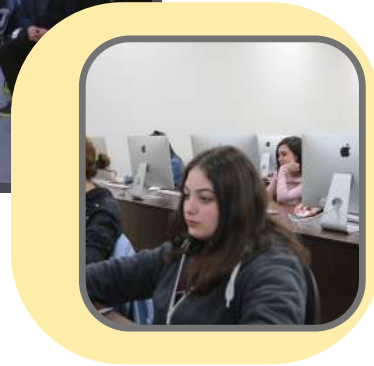

**Project Team:** Assist. Prof. Fatma ULUTÜRK, Lect. Emine ÖZTÜRK, Lect. Dr. Atilla AYDIN, Lect. Duygu HOBAN

**Project Status:** Ongoing

## Workshops, Laboratories, and Studios

- 6 Computer Laboratories - PC
- Computer Laboratory - MAC
- 2 Aircraft Systems Laboratories
- 2 Aircraft Engine Laboratories
- Aircraft Structural / Mechanical Laboratory
- Aircraft Electronics / Avionics Laboratory
- Civil Aviation Cabin Services Laboratory
- Aircraft Composite Workshop

## DGS Course

Every year, Istanbul Gelişim Vocational School offers a free Vertical Transfer Exam (DGS) Course to our students. The course covers topics relevant to the DGS, including fundamental mathematics and geometry.

Our second-year vocational school students can apply and register for the course on the announced dates, allowing them to prepare for the DGS free of charge.

## English Course

Within the framework of a vision for continuous development, Istanbul Gelişim Vocational School aims to enhance the human capital of our students by offering professional English courses. These courses are designed to provide education based on social sciences and natural sciences. By working on English texts specific to their fields, the courses reinforce our students' basic English skills.

Our English courses are completely free and contribute to increasing the human capital of our students.

## IGU from Alumni Perspective

**Mahmood Ahmet  
Mahmood Mahmood**

Civil Aviation Transportation  
Management Program Graduate

I studied in the Civil Aviation Management Program at Istanbul Gelişim University Vocational School. Throughout my university life, I gained numerous experiences that prepared me for my professional career. Through the university's social clubs, I met many people. With an education approach tailored to industry needs, I got one step closer to my goals. I am grateful to all my professors and friends who contributed to this journey.
