

# INTERIOR DESIGN

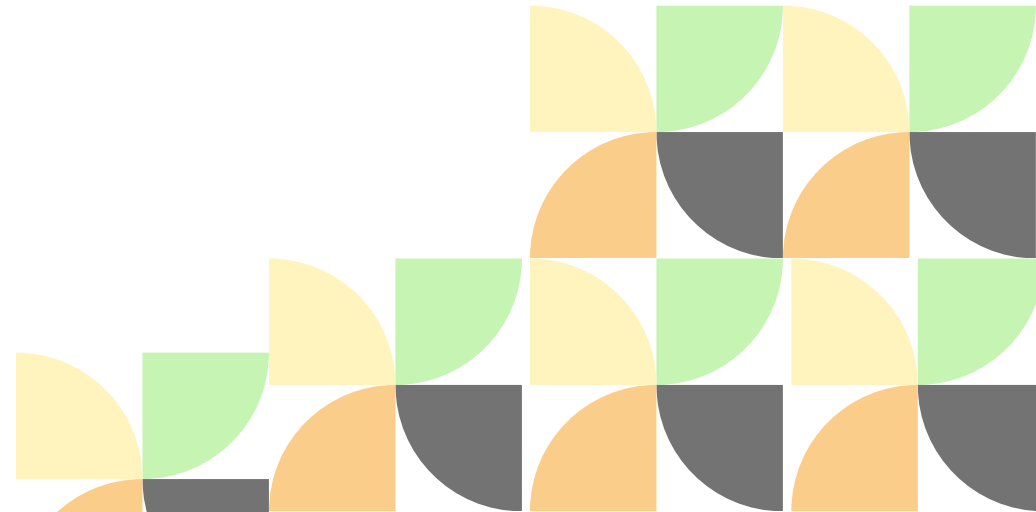

Istanbul Gelisim University  
Istanbul Gelisim Vocational School

“ Our program is a program in which students make digital and hand drawings with the theoretical and practical course contents necessary for the development of their designer aspects and create mock-ups, prototypes and models. ”

Lect. Selin Rüya ÇAKIR  
Head of Interior Design Program

**Istanbul Gelisim**  
Meslek Yüksekokulu

## The Aim of the Program

In the field of interior design, it is aimed to train contemporary designers who will be able to receive interior architecture education in the future and develop their imagination and creativity with the education they receive with technical knowledge that will contribute to the sector.

— “

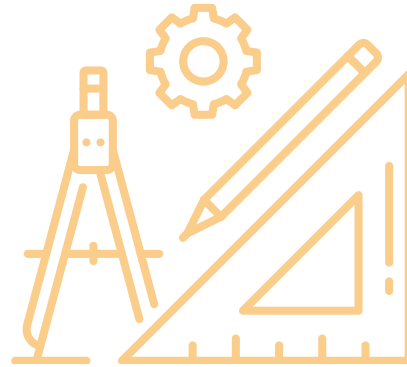

*Our program ensures that our graduates are equipped to work in the sector and have the knowledge and skills that will enable them to adapt easily when they continue their undergraduate studies.*

” —

## Future of the Program

The goal of our program is to train qualified staff with high knowledge and creativity skills, who can apply the requirements of the profession at a high level. To ensure that our students have the qualifications that will contribute to the development of decoration and related sectors; in this direction, at the same time, providing education suitable for undergraduate education constitutes the other goals of our program.

## Curriculum Information

Istanbul Gelisim University, Istanbul Gelisim Vocational School, Istanbul Gelisim Vocational School Interior Design Program has a normal education period of two academic years and the total minimum credit amount to be completed depending on the student workload is 120 ECTS.

In the first two semesters, our students take the courses that are taught in common in our vocational school and the basic introductory courses in the vocational field. Starting from the third semester, the focus is on vocational courses and our students start to take elective courses as well as the compulsory courses required in the vocational sense.

## Academic Staff

**Lect.**  
**Selin Rüya ÇAKIR**  
Head of Interior Design Program

**Lect.**

## Sectoral Collaborations

In its pursuit of excellence in education and research, our university attaches great importance to collaborating with public, private and non-governmental organizations. These collaborations enable us to build a stronger future by sharing our knowledge and resources and working together to achieve common goals.

## Internship

At the end of the second or fourth semester, our students advance in their career journey by completing a 30-day summer internship in order to graduate.

## Career Opportunities

Our graduates can be employed in public institutions with the title of technician / interior designer. They can be employed in architectural offices, in the sector related to furniture production and in the workplaces that make the drawing and production of ornamental elements used in the interior.

## Activities

Our university and our program contribute not only to gaining knowledge and skills, but also to progressing towards becoming an individual who will make his/her own difference and benefit the society. Our students have the opportunity to develop their skills in various workshops, learn by having fun at festivals, raise awareness in social responsibility projects and participate in unforgettable events, and have the chance to show themselves in competitions. Our activities develop cooperation and team skills. They also offer career opportunities.

The activities carried out are as follows:

- Workshops
- Festivals
- Trips
- Seminars
- Symposiums
- Exhibitions
- Social Responsibility Projects
- Conversations
- Sustainable Events

## Double Major Opportunities

The purpose of the double major program is to enable students who successfully complete their major programs to study in a second major program free of charge. Students who have a GPA of 2.90 out of 4.00 in their major program and who are in the top 20% of their undergraduate/pre-degree program can start the second major diploma program free of charge.

## Erasmus+ Program

With Erasmus+, the European Union's (EU) grant program in education, youth and sports opportunities, our students can access various opportunities such as education, training, internship, professional development, non-formal learning-based youth activities abroad.

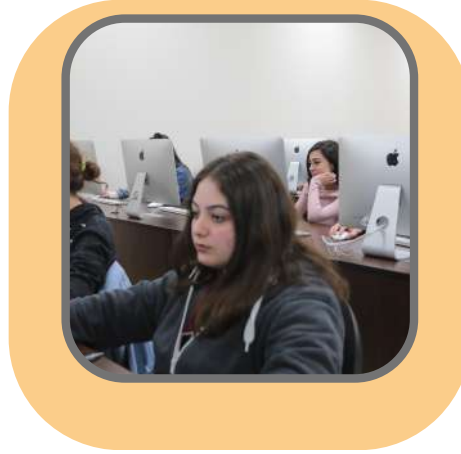

## Research Centers

With 20 different application and research centers within our university, innovative, technological and sociological studies are carried out in many different branches. In addition, thematic research groups carry out studies that will contribute to science in 10 different fields from food to construction, automotive to health.

IGU Technology Transfer Office, which was established to provide the necessary information and guidance for academics, researchers, students and graduates to start their own initiatives, listens to all students who say "I have a project" and provides all kinds of opportunities to realize these projects.

## Workshops, Laboratories and Studios

- 6 Computer Laboratory-PC
- Computer Laboratory-MAC
- 6 Drawing Workshops

## DGS Course

Istanbul Gelisim Vocational School organizes the Vertical Transfer Examination (DGS) Course for our students free of charge every year. In the course, topics for DGS, especially basic mathematics and geometry, are covered.

In our course organized for second year students of our vocational school, our students can register and prepare for DGS free of charge by applying on the announced dates.

## English Course

Istanbul Gelisim Vocational School, which operates with the aim of increasing the human equipment of our students within the framework of its vision of continuous development, opens vocational English courses for our students. The courses aim to provide an education based on social sciences and natural sciences. In the courses, our students' basic English knowledge is reinforced by working on field-specific English texts.

Our English courses are completely free of charge and contribute to increasing the human capital of our students.

## IGU from Alumni Perspective

**Medine Nur GENÇ**

Interior Design  
Program Graduate

In 2023, I graduated from the Interior Design Program. After graduation, I took the Vertical Transfer Exam (DGS) in the same year and made a vertical transfer to IGU Department of Interior Architecture. During my associate degree education, I took very productive courses from the valuable academicians of Istanbul Gelisim Vocational School. In this way, I adapted to the undergraduate department faster. The fact that the course contents are similar in undergraduate and associate degree departments was very useful in the vertical transition process. The help and support of our academicians continues after graduation. I am very happy to be a graduate of the Interior Design Program.
