

SPORTS MANAGEMENT

Istanbul Gelisim University
Istanbul Gelisim Vocational School

“*Our first priority is to train new experts who are knowledgeable, well-equipped, researchers and practitioners who will take part in the world of sports, which touches all people from the youngest to the oldest around the world and which people follow with love, excitement and enthusiasm.*”

Lect. Serdar GÜR

Head of Sport Management Program

Istanbul Gelisim
Meslek Yüksekokulu

The Aim of The Program

Sports Management Program is an area of specialization related to the management and administration of enterprises that will meet the sportive needs of individuals within the sector. The primary aim of the Sports Management Program is to develop organizations that provide public and private sports services; to train competent sports personnel for the sports sector in order to make and implement decisions about all sports activities necessary for them to achieve their goals.

— “ —————

We look forward to welcoming the sports experts of the future with great excitement.

————— ” —

Future of the Program

The Sports Management Program aims to train sports managers who are aware of the requirement of Article 59 of the Constitution, “The State takes measures to improve the physical and mental health of Turkish citizens of all ages and encourages the spread of sports to the masses. The state protects successful athletes.” The program aims to train sports managers who are aware of the necessity of the statement. It is aimed to ensure that sports administrator candidates are qualified to direct the planning, organizing, execution and successful completion phases of sports services; to organize sports activities that will benefit the society and to carry out the management and administration of sports halls.

Curriculum Information

The normal education period to complete the Sports Management Program at Istanbul Gelisim University is two academic years and the total minimum credit amount to be completed depending on the student workload is 120 ECTS.

In the first two semesters, our students take the courses taught in common in our vocational school and basic introductory courses in the field in a professional sense. Starting from the third semester, the focus is on vocational courses and our students begin to take elective courses as well as the compulsory courses required in the vocational sense.

Sectoral Collaborations

In its pursuit of excellence in education and research, our university attaches great importance to collaborating with public, private and non-governmental organizations. These collaborations enable us to build a stronger future by sharing our knowledge and resources and working together to achieve common goals.

Internship

At the end of the second or fourth semester, our students advance in their career journey by completing a 30-day summer internship in order to graduate.

Career Opportunities

Our graduates can work in event management and sports marketing companies, commercial sports halls, health and fitness units of companies, visual and print media organizations, sponsorship services units of companies, sports departments of local governments, sports clubs with amateur and professional branches, national and international sports federations, Ministry of Youth and Sports.

Activities

Our university and our program contribute not only to gaining knowledge and skills, but also to progressing towards becoming an individual who will make his/her own difference and benefit the society. Our students have the opportunity to develop their skills in various workshops, learn by having fun at festivals, raise awareness in social responsibility projects and participate in unforgettable events, and have the chance to show themselves in competitions. Our activities develop cooperation and team skills. They also offer career opportunities.

The activities carried out are as follows:

- Workshops
- Festivals
- Trips
- Seminars
- Symposiums
- Exhibitions
- Social Responsibility Projects
- Conversations
- Sustainability Events

Double Major Opportunities

The purpose of the double major program is to enable students who successfully complete their major programs to study in a second major program free of charge. Students who have a GPA of 2.90 out of 4.00 in their major program and who are in the top 20% of their undergraduate/pre-degree program can start the second major diploma program free of charge.

Erasmus+ Program

With Erasmus+, the European Union's (EU) grant program in education, youth and sports opportunities, our students can access various opportunities such as education, training, internship, professional development, non-formal learning-based youth activities abroad.

Research Centers

Innovative, technological and sociological studies are carried out in many different branches with 20 different application and research centers within our university. In addition, thematic research groups carry out studies that will contribute to science in 10 different fields from food to construction, automotive to health.

IGU Technology Transfer Office, which was established to provide the necessary information and guidance for academicians, researchers, students and graduates to start their own initiatives, listens to all students who say “I have a project” and provides all kinds of opportunities to realize these projects.

Workshops, Laboratories and Studios

- 6 Computer Laboratory-PC
- Computer Laboratory-MAC

DGS Course

Istanbul Gelisim Vocational School organizes the Vertical Transfer Examination (DGS) Course for our students free of charge every year. In the course, topics for DGS, especially basic mathematics and geometry, are covered.

Our students can register for our course organized for second year students of our vocational school by applying on the announced dates and prepare for DGS free of charge.

English Course

Istanbul Gelisim Vocational School, which operates with the aim of increasing the human equipment of our students within the framework of its vision of continuous development, opens vocational English courses for our students. The courses aim to provide an education based on social sciences and natural sciences. In the courses, our students' basic English knowledge is reinforced by working on field-specific English texts.

Our English courses are completely free of charge and contribute to increasing the human capital of our students.
