

# APPLICATION AND RESEARCH CENTERS COORDINATION UNIT

## MONTHLY BULLETIN

MARCH 2026 | Issue : 5

## Message from the Coordinator

Our Coordination Unit continues to strengthen the education, research, and societal contribution activities of the Application and Research Centers in line with our University's Strategic Plan. Through this bulletin, we aim to increase our national and international engagement by making the value-creating work of our Centers more visible. We extend our sincere thanks to all our Centers and stakeholders for their qualified contributions and collaborative support.

## CAREERFEST'26

An event was organized by the Career Guidance Application and Research Center as part of the CareerFest'26 Spring Festival, aiming to contribute to students' career development and make their university lives more effective. By bringing together companies from various sectors and students, the event enabled participants to obtain direct information regarding career opportunities and supported their interaction with the business world.

### *Career Guidance Application and Research Center*

Throughout the event, an environment that was both informative and enjoyable for students was created through raffles, giveaways, and food and beverage refreshments provided by the companies. The social aspect of the organization was further strengthened with DJ performances and live music events, encouraging active participation from the students. Additionally, students had the opportunity to obtain detailed information about internship and job opportunities by communicating one-on-one with company representatives. The KariyerFest'26 Spring Festival was successfully completed as a productive organization supporting the social and professional development of the students.

## SCIENTIFIC ACTIVITIES

### Life Sciences and Biomedical Engineering Application and Research Center

#### Article

Among the researchers of the YBMUAM, the article titled “CRISPR-Cas Based Plasmid Design for Multidrug Resistant *Klebsiella pneumoniae* Isolates,” co-authored by Asst. Prof. Sevinç Baba, has been published. Additionally, the article titled “Expression and Clinical Relevance of p53 and BCL-2 in Bladder Cancer,” co-authored by Center Director Asst. Prof. Serap Yeşilkır Baydar, Vice Director Asst. Prof. Onur Dirican, and Center researcher Asst. Prof. Abbas Ali Husseini, has also been published.

### Art and Design Application and Research Center

#### Project Applications

Within the scope of the “CultureCIVIC II – Local Projects Grant Program VII 2026,” a project application was submitted. Within the framework of the European Union-supported program, the IGU SATMER Culture and Art Festival, aimed at increasing cultural participation, was developed and included in the application process.

In addition, under the “4009 Support Program for Village Schools”, a project application was submitted to enable the creation of simple designs using artificial intelligence applications.

## SCIENTIFIC ACTIVITIES

### Occupational Health and Safety Training Application and Research Center

#### Basic Occupational Health and Safety Training

At the Occupational Health and Safety Training Application and Research Center, the compulsory Basic Occupational Health and Safety Training was delivered for the third time during the 2025–2026 spring semester to internship students admitted through additional quotas from the Faculty of Health Sciences (79 students) and the Vocational School of Health Services (180 students). Following the training, 75 students who successfully passed the exam were awarded participation certificates, duly signed and issued.

### Environment, Urbanization and Earth Sciences Application and Research Center

#### Paper

At the 5th International Congress on Scientific Review Studies, a paper titled “An Interface Between Interior and Exterior: A Systematic Literature Analysis on Urban Interior Space Studies” was presented by Asst. Prof. Gökçe Uzgören, Vice Director of the Center for Environment, Urbanization And Earth Sciences ARC (CSYBUAM), Lect. PhD Esra Büyükemir Karagöz, and Şevval Göre, a fourth-year student of the Department of Interior Architecture and Environmental Design.

### Art and Design Application and Research Center

#### Patent and Registration

The invention titled “Biometrically Controlled Thermoelectric Clothing” by Asst. Prof. Mustafa Günay, Director of the Art and Design Application and Research Center, has been registered. Drawing attention with its innovative approach, the study has been evaluated as a significant development in the field of wearable technologies.

## SCIENTIFIC ACTIVITIES

### *Public Opinion & Community Studies Application and Research Centers*

#### **Public Opinion Research Evaluations-1 From Data to Interpretation: Public Opinion Research**

An event was organized by the Center for Public Opinion and Social Researches within the scope of the “Elderly in Statistics” report. During the event, the current situation, trends, and social policy significance of the elderly population in Türkiye were addressed in light of statistical data. The report was presented by Center Director Asst. Prof. Tuğçe Gür Türkdoğan and Vice Director Assoc. Prof. Fatma Gül Gedikkaya, highlighting the multidimensional nature of the phenomenon of aging.

### *Political and Social Researches Application and Research Center*

#### **“Migration Diplomacy”**

In the seminar titled 'Migration Diplomacy', organized by IGUSAM, the use of migration as a foreign policy tool was discussed. The event, featuring Assoc. Prof. Damla Bayraktar Aksel as the speaker, was moderated by Asst. Prof. Elif Şahin. During the seminar, the theoretical framework and current examples were evaluated, contributing to the participants' development of an analytical perspective on the subject.

## SCIENTIFIC ACTIVITIES

### *Political and Social Researches Application and Research Center*

#### **“Geopolitical Implications of the U.S.– Israel–Iran War on the Middle East”**

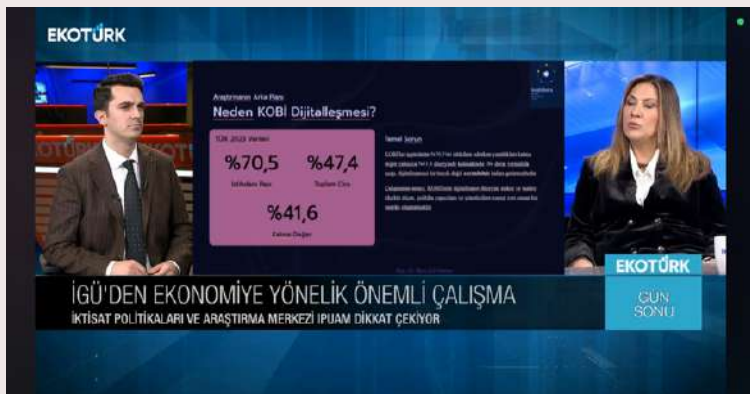

The event titled “Geopolitical Implications of the U.S. – Israel – Iran War on the Middle East,” organized by IGUSAM, was held on March 30, 2026. The event featured Dr. Ali Semin as the speaker and was moderated by Prof. Dr. Emine Akçadağ Alagöz, Director of the Center. During the event, regional crises, impacts on energy markets, and Türkiye’s security were addressed from a multidimensional perspective, and the topic was examined in depth through a Q&A session.

### *Economic Policies Application and Research Center*

#### **Participation in a TV Program**

Assoc. Prof. Ebru Gül Yılmaz, Director of the Center, participated in the live broadcast of the “Gün Sonu” program aired on Ekotürk TV and provided information about the activities carried out by IPUAM. During the program, KODIDEKS, which aims to measure the level of digital transformation of publicly listed Turkish SMEs, was also introduced, and the scope and significance of the index were evaluated.

**Understanding Financial Markets: The World and Türkiye**

The event titled “Understanding Financial Markets: The World and Türkiye,” moderated by IPUAM Director Assoc. Prof. Ebru Gül Yılmaz and featuring Economist Şevin Ekinci as the speaker, was held on March 18, 2026. During the event, global financial dynamics, current developments in the markets, and the impacts of these developments on the Turkish economy were discussed.

***Environment, Urbanization and Earth Sciences Application and Research Center***

**Technical Trip**

A technical trip was organized in collaboration with the Istanbul Gelisim University Faculty of Fine Arts, Department of Interior Architecture and Environmental Design, and the Environment, Urbanization and Earth Sciences Application and Research Center as part of the course “ICM377-Housing Issues and Policies”. During the technical trip titled “Politics of Space: Gentrification and Housing Transformation in Fener-Balat”, students were provided with the opportunity to examine the social and spatial impacts of urban transformation on-site. Under the guidance of Asst. Prof. Gökçe Uzgören and Res. Asst. Merve Karadaban, the gentrification processes and housing transformations in the region were evaluated from a multidimensional perspective.

## SCIENTIFIC ACTIVITIES

### Economic Policies Application and Research Center

#### Article

The article titled “Digital Transformation Index of Publicly Listed Turkish SME Companies (KODIDEKS-H)”, authored by Assoc. Prof. Ebru Gül Yılmaz, has been published in EMI Journal.

### Halka Açık Türk KOBİ Şirketleri Dijitalleşme Endeksi

Türkiye'deki halka açık KOBİ'lerin dijital dönüşüm düzeyini firma ve segment bazında ölçen, akademik olarak doğrulanmış ilk endeks.

Doç. Dr. Ebru Gül Yılmaz

#### KODIDEKS-H Index

KODIDEKS-H, developed by Assoc. Prof. Ebru Gül Yılmaz, Director of IPUAM, is the first academically validated index in Türkiye that measures the level of digitalization of publicly listed SMEs. Despite their high employment capacity, SMEs' relatively low value-added production makes digital transformation a necessity. The index aims to provide data for policymakers, and its results for the 2022–2024 period have been published on the official website of IPUAM.

### Poverty Reduction in Development Economics

As part of the “IPUAM Meetings” organized by the Istanbul Gelisim University Center for Economic Policy Application and Research (IPUAM), the event titled “Poverty Reduction in Development Economics” was held online on March 11, 2026. During the event, poverty reduction policies were evaluated by Assoc. Prof. Hatime Kamilçelebi and IPUAM Vice Director Asst. Prof. Burçin Çakır Gündoğdu.

## COMMUNITY CONTRIBUTION ACTIVITIES

### *Social Responsibility ARC and Gender Studies ARC*

#### **Women and Children: Institutional and Field Experiences in Social Work**

The event titled “Women and Children: Institutional and Field Experiences in Social Work”, organized within the scope of March 8 International Women’s Day, was held on March 6. The program was moderated by Assoc. Prof. Anil Al Rebholz, and Social Worker Gülistan Aslan participated as the speaker.

During the event, social service practices for women and children were discussed within the framework of institutional and field experiences; challenges encountered and solution proposals were shared, and participants were given the opportunity to contribute during the Q&A session.

### *Social Responsibility Application and Research Center*

#### **Where to Start Saving the World? A Conversation on Kindness and Ethics**

Within the scope of the March 13–20 Week of Kindness, the event titled “Where Can the World Be Saved From? A Talk on Goodness and Ethics”, organized by SSUAM, was held on March 17, 2026. Sezi Kalkavan participated as the speaker, while the session was moderated by Asst. Prof. Nazar Bal. During the event, it was emphasized that goodness begins with the individual’s inner balance. Drawing on examples from volunteering experiences, attention was given to the transformative power of small and sincere acts of kindness.

## COMMUNITY CONTRIBUTION ACTIVITIES

### *Gender Studies Application and Research Center*

#### **Between the Ideal of Equality and Social Reality: March 8 International Women's Day Seminar**

Assoc. Prof. Diler Ezgi Tarhan, Vice Director of the Center for Gender Studies (TCCUAM), delivered seminars titled "Between the Ideal of Equality and Social Reality: March 8 International Women's Day" at FMV Private Erenköy Işık High School on March 10 and at FMV Ispartakule Işık High School on March 11. During the seminars, our University and TCCUAM were introduced, and detailed information was provided regarding relevant departments, our sustainability vision, and ongoing activities..

### *Gender Studies Application and Research Center*

#### **March 8 International Women's Day: Ecology, Violence, Employment**

Within the scope of March 8 International Women's Day, the "Ecology, Violence, and Employment" panel was organized by TCCUAM. The panel addressed the relationship between gender inequalities and ecological crises, violence against women, and the labor market. In the program featuring Asst. Prof. Selda Tunç Subaşı, Assoc. Prof. Diler Ezgi Tarhan, and Asst. Prof. Seyra Kestel as speakers, the invisibility of women's labor, the burden of care, and precarious working conditions were evaluated, while holistic approaches based on ecological justice and equality were emphasized.

## COMMUNITY CONTRIBUTION ACTIVITIES

### Green Transformation and Critical Minerals

In the “Dijital Vatan” program broadcast on TYT Turkish television channel, Assoc. Prof. Başak Özarslan, Director of the Sustainable Environment Community Studies ARC, participated as a guest. Within the scope of the program, the green transformation process and the strategic importance of critical minerals in terms of sustainable development and energy transition were addressed, and current developments were evaluated.

### Sustainability Talks – V: Will We Be Able to Sustain it?

The fifth installment of the “Sustainability Talks” event series, organized by SCTUAM, was held online. Prof. Ahmet Erhan Aksoylu, a faculty member of the Department of Chemical Engineering at Boğaziçi University, participated as the keynote speaker, while the session was moderated by SCTUAM Vice Director Asst. Prof. Tuğba Kantarcı. During the program, evaluations were made regarding sustainability, energy transition, and the future of environmental sustainability.

### Türkiye’s Strength: Forest

Participation was provided in the tree planting event organized by the General Directorate of Forestry within the scope of Forest Week. In the event coordinated by the Sustainable Environment Community Studies ARC, academics and students actively took part. The program addressed the sustainability of forest resources and environmental awareness, contributing to raising the participants’ level of consciousness, and concluded with the planting of saplings.

## ARTISTIC ACTIVITIES

### Art and Design Application and Research Center

### “Öteyetaşınım” Exhibition

The 'Öteyetaşınım' Exhibition by Mehmet Öğüt, organised by the Art and Design Application and Research Center, was held at the Istanbul Gelisim Art Gallery and attracted many art enthusiasts. The exhibition, which featured works produced through various techniques and modes of expression, attracted great interest from academics and students. During the opening speech, SATMER Director and Asst. Prof. Mustafa Günay emphasised the artist's interdisciplinary approach to production, focusing on the concepts of nature, time, experience and transformation. Asst. Prof. Mustafa Günay, who also curated the exhibition, emphasised the importance of this approach in contemporary Mehmet Öğüt shared insights into the techniques and production processes he used for his works. The artist, renowned for his awards and participation in national and international exhibitions, presented his work at the Gelisim Art Gallery until 3 April 2026.

## ARTISTIC ACTIVITIES

### Bursa's 700th Anniversary Memory Competition

The award ceremony for the 'Bursa's 700-Year Memory' photography contest, organised by Istanbul Gelisim University's Art and Design Application and Research Center (SATMER) for secondary school students in Bursa, took place on 25 March 2026. The competition, conducted under the coordination of SATMER, aimed to raise awareness among young people of Bursa's historical and cultural heritage. Following the jury's evaluation, awards were presented to the winning students. It was also noted that selected works would be exhibited throughout the city for public viewing.

### Art and Design Application and Research Center

### Trademark Registration of Gelisim Art Gallery

The trademark registration of Gelisim Art Gallery, which operates under Istanbul Gelisim University and hosts works by national and international artists, has been completed. This registration aims to strengthen the gallery's corporate identity and support the sustainability of its artistic activities.

## CAREER ACTIVITIES

### *Career Guidance Application and Research Center*

### **İŞKUR Career Academy: CV and Interview Techniques Training**

In collaboration with İŞKUR, a “CV Preparation and Interview Techniques” training programme was delivered to Techverse Club students. The programme covered effective CV writing methods, key employer criteria and techniques for creating a strong candidate profile, supporting students' transition into professional life. The session included practical exercises such as interview scenarios, providing participants with valuable insights into communication skills, body language, and stress management.

### **A Look at the Logistics Sector with Karınca Logistics: The Current State of Logistics and Strategies for the Future**

At the event organised by KARYÖN, students had the opportunity to meet industry professionals. Representatives from Karınca Logistics provided detailed insights into the logistics sector, supply chain management, warehousing and distribution processes, digital transformation, and sustainable practices. They also discussed career opportunities within the industry, recruitment processes and the competencies sought in candidates. The event aimed to enhance students' awareness of the sector and their career prospects.

### **Personal Branding Strategy on LinkedIn for Students**

The “Personal Branding Strategy on LinkedIn Training” was held to strengthen students' professional identities in the digital world. The training covered effective use of LinkedIn, profile creation, professional networking, and content production; the contributions of digital visibility and personal branding to career development were shared with the participants.

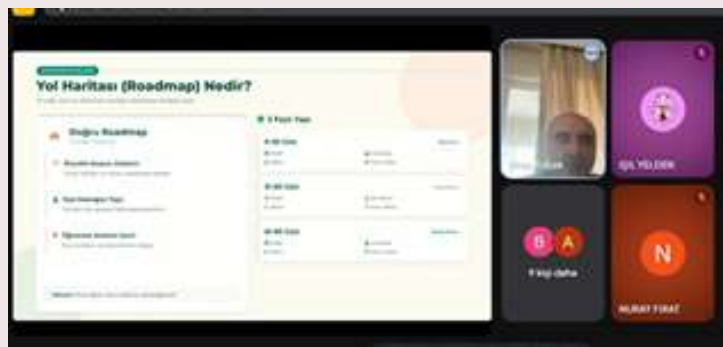

## TRAININGS FROM CONTINUING EDUCATION

### Entrepreneurship and Innovation Certificate Program

An online Entrepreneurship and Innovation Training, totaling 30 hours, was organized by the Istanbul Gelisim University Continuing Education Application and Research Center (IGUSEM) between February 23 and March 16, 2026. The program was conducted by Asst. Prof. Biray Koçak, and 43 students successfully completed the course, earning their certificates. Throughout the training, participants gained both theoretical and practical competencies in innovation, entrepreneurship, strategic thinking, problem-solving, and business development.

### Continuing Education Application and Research Center

### Diabetic Foot Care Training

The Diabetic Foot Care Training, organized by the Istanbul Gelisim University Continuing Education Application and Research Center (IGUSEM), was held between March 23–29, 2026. Within the scope of the program, which was planned as four days online and two days face-to-face, both theoretical and practical training sessions were delivered. A total of 20 participants attended the training, and the face-to-face sessions were conducted in the Podology Laboratory.

You can refer to the **SEM Bulletin** to view the completed, ongoing, and upcoming trainings of the Continuing Education Application and Research Center.

## VISITS AND MEETINGS

### *Coordination Meeting with the Director of IPUAM*

On March 26, 2026, a coordination meeting was held under the chairmanship of Vice Rector for Research and Development, Prof. Necmettin Maraşlı, with the participation of the Economics Policies Application and Research Center. With the attendance of Center Director Assoc. Prof. Ebru Gül Yılmaz and UYGARMER Coordinator Assoc. Prof. Ahmet Sapmaz, the Center's academic publications, project activities, and Kodidesk-H Index studies were discussed.

### *Proud Meetings*

The "Proud Meetings" organized in collaboration with the Scientific Research Projects Coordination and the BAP Club, were attended by the UYGARMER Coordination Unit. Within the scope of the event, UYGARMER Officer Gamzenur Gürsoy delivered an informative presentation on the Application and Research Centers Coordination Unit and the Application and Research Centers.
